

Trauma Pack Plus 32350

- > Includes shoulder strap
- > Dimensions: 19"L x 14"W x 12"H ~ 3132 cu in

The latest Trauma Pack Plus has a professional contemporary look with tapered exterior pockets and a U.P. covered bottom for ease of cleaning.

Full length front and rear pockets allow for extra storage without extra bulk. In the front pocket you will find multiple interior pouches and elastic holders for supplies while the rear pocket has elastic holders and extra storage space.

The main compartment is divided into three areas for dressings and trauma supplies. Fold open the top lid to see a large zippered pocket for supplies along with strategically placed elastic tool holders.

The large pockets on each end can hold a sharps container or any other items you may need during the day. The heavy duty handles wrap around the entire bag for improved weight distribution.

*Kyoto & Montreal Compliant.
