The BLS Event bag is a trauma bag recently developed by Iron Duck for a Major US city. The purpose of the BLS Event Bag is to allow for EMT's, Firefighters and Police to have a light weight, mobile, BLS system to carry around at major events. The sleek, narrow design allows for easier migration through crowds and narrow spaces.

Designed to hold all essential BLS supplies, with an adjustable ergonomic padded should strap, plenty of room, easy organization of supplies and designed for quick deployment.
